

## Crime & Punishment

### 4 VOLUME DVD SET- 13 EPISODES

The reality of crime is a far cry from the 'sensationalisation' in mass media. In the community's efforts to fully understand and manage the underlying causes and effects of criminal activity, unsung heroes such as survivors of crime, advocacy groups and other players often go unnoticed and unacknowledged.

**This unique 13 episode series** serves to inform and educate on crime and justice issues and gives voice to the people working in the background in society's efforts to deal with crime. Each episode deals with one aspect of crime, punishment and justice, providing insights about both victims and offenders. The program considers the combination of police, victims, government services and legal and crime prevention approaches, which help explain some of the complexities behind crime.
